LCD Display

Features and Benefits

- Exceptional LCD performance - High brightness, superior contrast and super-fast 16 ms video response time combine to deliver crisp, clear text and smooth motion images for video applications.
- WEGA Engine™ system - Intelligent digital processing system delivers superb picture quality by minimizing signal deterioration caused by digital-to-analog conversion.
- Cost of Ownership - Burn-in resistant LCD technology ensures long life when using static images. Low power consumption and long-life panel delivers hours of use to keep your total cost of ownership low.
- Upscale style - Scratch-resistant crystal-look bezel in a choice of three elegant colors including pearl white adds upscale refinement to any interior. Cable management system conceals wires and cables, keeping the back looking streamlined and uncluttered.
- Networking options - Optional network cards and boxes (sold separately) let you centrally control, deliver and troubleshoot digital content across a standard IP network to one or hundreds of networked displays. Reduce labor and production costs associated with managing individual content.
