TecTern
Lectern

TecTern Technology Lectern

... AV Power House

TecTern (TLTTCLEM-OVO)

Interactive Presentation Control

Interactive presentations are now possible even in lecture halls, theatres, and other large-audience settings. Fully integrated into the unit, TecTern has an optional built-in, finger touch display. This allows presenters to control their large-screen presentation, eliminating the need for a mouse, remote or keyboard. TPMT19 includes TeamBoard Suite.

Available Finger Touch Monitor (TPMT19)

TecTern Custom Lectern

... Elegant Design Solutions

Contemporary, Ergonomic Design Palette

Customize your colors – TecTern crown and modesty panel may be specified in any of the TeamBoard's Etex colors or wood veeners independently. Add a custom logo feature to Crown or Modesty Panel to create the look your brand or special situation requires.

TecTern (TLTL-Custom Color + Custom Logo)

TecTern (TLTL-Custom Color)

Cable Manager has ample capacity to support even the most demanding specifications.

Dynamic height adjustment

Presenters may be seated or standing at TecTern, with a full 12" range of powered height adjustment controlled with the press of a finger. The modesty panel/cable manager moves with the TecTern top, maintaining a simple and pleasing appearance at any height, seated or standing. The electronically height adjustable center column makes TecTern an ideal choice for wheelchair access with A.D.A. compliance.

Your finger is the mouse!

Lid closed with Document Rail.

Lid open with optional finger touch screen raised.

Lid open with optional finger touch monitor lowered and laptop revealed.

Sissor Lid removed, drawer lowered to reveal storage cavity and access ports to cable manager buckets.
Integrated Technology Management

Provides easy access to technology! Lid closed, TecTern is in its simplest form—a flat, clean top with a document rail. Opening (or simply lifting off) the bi-fold lid reveals many features: a laptop tray, a spacious cavity for connections and cable management and room for TeamBoard FingerTouch Monitor. It's simple to make adjustments to the laptop by opening the front door and swinging it under the TecTern cavity, where powerful magnets ensure the door stays open until you are ready to close it.

TeamBoard Suite 5.5

TeamBoard Suite is an advanced presentation, drawing and lesson plan application that adds remarkable functionality to interactive touchscreens. TeamBoard Suite is included with the Finger Touch monitor kit-TPMT19.

- Content development tools
- Open Architecture software
